To Whom It May Concern:

My name is Ching Yu Tseng or Eugene and currently studying Mathematics at the University of Waterloo. I am interested in the data analytic, software engineering or web develop relevant co-op position. I'm deeply confident with my time management skills, self discipline, the willing to study and the ability to calmly find solutions under high pressure. I am convinced that I want to be an asset to your team. My passion to coding and studying were perfectly shown on my projects and will also demonstrate it in future position.

I am excited at the prospect of working at any job in the data analytic, AI, deep learning industry. I hope to further my knowledge in the area of programming, deep learning and learn more about the exciting area of growth in your organization. Working for a team that is so committed to quality and efficiency will be my pleasure. Thank you for taking time taking a look of my resume. I'm looking forward to meet with you at an interview to discuss my qualifications and further details.

Sincerely,

Ching Yu Tseng
